SFO REACHES OUT TO THE KIDS OF ALANGILAN

The SFO (Stonyhurst for Others) is an annual school activity that gives opportunity to the school and to our students to be aware of our needy brothers and sisters. The main objectives of the activity are to develop the value of generosity and volunteerism at the SSIS community and give chance to our students to engage in service-related activities that enhance the quality of life of others in the community while enriching their own learning experience.

This Christmas, the school has chosen **Alangilan Day Care Center** as the beneficiary of the outreach program on **December 14**. The SFO coordinators, Teachers May and Grace humbly ask the generous help of the SSIS community to bring donations in cash or in kind. With the help of the Student Council, these donations will be distributed to our beneficiaries on the abovementioned date.

We would welcome any donation of any kind and of any quantity. We would, however, like to encourage you to have the following, so we will have the same contents for easier distribution.

ECED

- 2 kg of rice
- 3 canned goods
- 3 noodles

Lower School

- 1 toothpaste
- 2 pcs. of beauty soap
- 2 pcs. of bar soap
- School supplies (1 box of crayons and notebooks)

Upper School

- 2 kg of sugar
- 2 packs of coffee (400 grams)
- 2 packs of biscuits or crackers

UPPER SCHOOL BAZAAR FEATURES FOOD GALORE

Upper School Students welcomes you to a food bazaar on Dec. 5 and 6; 9:00 A.M. to 1:00 P.M. at the SSIS grounds.

Some students will sell their home-made cookies and bread, pasta, pastries and their own concoction of fruit and chocolate shakes. Others will treat you to lunch of rice toppings and their own value meals. There will also be non-food items such as ballers, beanies and tumblers of colorful designs.

The bazaar is an integral part of the school's business curriculum, an application of the theories they learned in the classroom such as preparation of the business plan, pricing a product, devising promotional strategies and computation of profit and loss. It is hoped that the selling activity will not only enhance their knowledge on financial management but also teach them how to deal with customers.

After the activity, the students will be required to evaluate the results using SWOT analysis and profit and loss statements.

ENGLISH MONTH UPDATES: COME TO THE DRAMA FEST!

On the culmination day of the English/Book Month on December 2, students are encouraged to come in book character costume.

Everyone is invited to watch the drama festival of the Upper School students from 12:00 NN – 4:00 PM on the same day. The drama fest will showcase an adaptation of movies/plays about Christmas with catchy lines and humor (but not much horror).

Come and see how your fellow students will act their hearts out. All you have to do is bring children's book (an old book will do) in exchange for a ticket. The books will be distributed to the SFO beneficiaries on Dec. 14.

One ticket is already good for the four plays. To get your ticket, contact any Upper School student.

STUDENT COUNCIL

CORNER

SHARE A TOY, MAKE A DIFFERENCE

Sharing a toy will bring so much joy! Last October 23, the Junior and Lower Student Council launched their Christmas project which called **"Share a Toy, Make a Difference."** Since Christmas is a season of sharing and giving, the officers would like to be a part of this time of year with the help of the whole student body.

In the lobby, beside the Christmas tree is a big box where we hope you would drop in your old but presentable toys. These toys will be distributed to the beneficiaries of the **Stonyhurst for Others** on Dec. 14.

Dear parents, please help your children choose toys that could bring happiness to the hearts of little kids. Together, let us celebrate the spirit of giving and sharing in SSIS!

PARENTING CORNER

Ways to teach your child about Charity (Part 2)

Make charity become a habit with your children through these practical means:

6. Deliver nutrition.

Build food baskets around the holidays and give to a needy family suggested by your church or school. Involve your children in selecting canned goods, fruit, and other treats to include. Decorate the gift package and deliver it together, as a family.

7. Change for a difference.

Create a charity jar to be used by the family when allowances are distributed. Invite children to share some of their allowance with others through donating to the jar. As the jar fills, decide as a family where to contribute the contents. You may choose to save a whale, buy gloves for needy children, or contribute to a cancer charity among others. Read about various charities on the Internet and share this information with your children to help them make an informed decision.

8. Help elders.

Do things for the elderly that they have trouble doing for themselves. Pick up

sticks in your neighbor's yard after a big windstorm. Mow the grass for Grandma. Wash Grandpa's car. Clean their windows. Help them plant flowers.

9. Pitch in.

Get on a regular service schedule at your church or synagogue. Sign up for a time to mow the grass and trim the bushes. Take your turn ushering and allow your child to assist.

By implementing some of these ideas or others like them, you will be teaching your children that charity is not reserved only for emergencies. You will be helping them appreciate that reaching out to others in need is a way of life, rather than a moment in time when a catastrophic disaster occurs. Remember, while you are giving to others, you are giving your children important messages about your beliefs concerning the spirit of giving.
